Principal's Message

Mission Statement: The mission of the staff, parents, and community of North Ranchito is to prepare our students to participate, appreciate, and flourish in the rich cultural heritage of their community and to successfully navigate through an increasingly globalized world. To prepare our students to be global citizens, we will foster a nurturing climate that promotes humanity and a passion for lifelong learning. Driven by research-based principles, we are committed to providing our students with the tools to promote creativity, critical-thinking, communication and collaboration. In meeting these 21st century goals we, as teachers and leaders, employ established educational theory, innovative strategies, Standards-based instruction and assessment, data analysis, and reflection to promote the academic excellence of all students.

At North Ranchito, every staff member at the school is focused on improving student achievement in all areas. The staff, students, and community believe the goal of education is to produce citizens who will make a positive contribution to our society. We believe that all students can learn and succeed. We have high expectations and standards for our students in the area of academics. A knowledgeable, creative, and dedicated staff works effectively each day to provide a Standards-based instructional program to 460 students. All students from Transitional Kindergarten to fifth grade are the focus of all school programs.

At our school this year, our areas of focus are reading comprehension, vocabulary development, math application, writing strategies, and increased use of technology for all students. As a team we continuously analyze data, and collaborate to ensure success for all our students. Standardized assessments assist us to make informed decisions about instruction through our State, District, and local measures. Our school is driven by a Standards-based curriculum that is set by guidelines created by the State of California. In addition, we utilize research-based strategies and professional development to achieve our goals. Students of all abilities, from a variety of linguistic and socioeconomic levels, come together as a learning community at North Ranchito. The school community expects all students to achieve high standards as we have established in our Single Plan for Student Achievement (SPSA).

Students approach their education with dedication and enthusiasm. Grades TK-5 students receive Trimester Awards where the top performing students are recognized in the areas of reading, math, and citizenship. They are eager to receive these awards and challenge each other on the dynamic education derived from our Standards-based curriculum.

North Ranchito teachers are well qualified to handle the challenge of delivering a Standards based education to a bright and diverse student body. Many teachers live in the community and are bilingual and bicultural. Emotionally invested in the school, they arrive early, work late, and serve in leadership roles. This is truly a testament to the tireless work and efforts of our staff on the behalf of the students and families that they serve.

The School Site Council (SSC) and Parent-Teacher Organization (PTO) are very active on campus and meet regularly to discuss how to bolster student achievement and school climate. As part of our technology goals and in an effort to promote parent participation, our parents will be offered the opportunity to participate in a series of workshops that focus on technology education and use of the Internet to support student academic goals.

The community of North Ranchito is vibrant and enthusiastic. We will continue to reach for the stars and raise expectations for our school in the pursuit of excellence.

School Passion Statement

We at North Ranchito Elementary School will not rest until each student achieves academic success. To accomplish this goal we all commit to working together collaboratively, respectfully, with focus and flexibility.

District Mission Statement

The El Rancho Unified School District will actively partner with the community as its leading educational institution that provides a technology rich and innovative learning environment for all students. Students will be challenged to become college and career ready and life-long Learners.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

School Facility Conditions and Planned Improvements (Most Recent Year)

North Ranchito Elementary School opened in 1951. There are 33 classrooms on the campus. The average size is 1,090 square feet. The school also has a library/technology lab, teacher workroom, one office building, and a cafeteria. There is one health care office and one bed. There are two athletic fields and two parking lots.

The principal, teachers, and playground supervisors monitor students during lunch, recess, before school, and after school. They are trained by the school administration to encourage students to be respectful, be responsible, and be safe. In addition, our supervisors and support staff carry two-way radios to maintain contact with office staff and administration in case of emergency.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Grade Level	2016-17 Percent of Students Meeting Fitness Standards

Socioeconomically Disadvantaged	81	80	98.8	42.5
English Learners	19	19	100.0	10.5
Students with Disabilities	18	17	94.4	5.9

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students with Disabilities	28	28	100	7.14
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

The staff at North Ranchito believes that the first and most important teachers of our students are their parents. Parents, grandparents, and guardians are an integral part of the educational process at North Ranchito. They play a vital role in their children's success at school. In order to build a strong link between home and school, parents and families are invited to attend school events and activities.

At North Ranchito, we are extremely proud of our parents and community members that participate in all school activities. North Ranchito has set ambitious goals for parent involvement in our SPSA. All programs for parents are aggressively advertised with classes gaining recognition for best attendance. Parents play a great role in their child's education through a variety of avenues, such as the SSC, PTO, School Smarts and as classroom volunteers. Parents have an opportunity to contribute to their child's education and work in partnership with the school to provide the highest quality education for their children. Parents on the PTO and SSC play a very active role in supporting the schools goals.

The site, in partnership with the District and community resources, offers many resources for parents. Parenting classes, advisory boards, reading workshops, English-Language Development (ELD) courses, health/drug awareness education, Accelerated Reader Night, math and writing workshops, and other numerous activities for parents at our school are all offered bilingually. We also provide an opportunity for parents to visit the school by providing venues for participation through Back-to-School Night, Winter Program, Open House, Career Day and various other student-centered activities.

For more information on how to become involved at the school, please contact Principal Rachel Aguirre at (562) 801-7630

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The School Safety Plan addresses all issues of staff and student safety, including plans for quick and orderly evacuations. The School Safety Plan outlines a communication system that allows the school community and local emergency services to mobilize a response to immediate concerns. North Ranchito employs two-way radios, a public address system, and a code of sirens to alert the school. Classrooms are equipped with an emergency kit containing disaster supplies and a system of colored cards that alert the School Safety Committee to trapped or injured students or staff. The School Safety Plan was last reviewed, updated, and discussed with the school faculty and put into practice November 2017.

North Ranchito provides a safe, attractive campus that meets the needs of students and staff. Earthquake and fire drills are conducted regularly to prepare all students and staff for emergency situations. In order to ensure effective preparedness in case of an emergency, the staff reviews each drill and maintains disaster emergency supplies.

The safety of the students and the staff is always a high priority. Our commitment is to provide a safe environment for learning. North Ranchito School is a secured campus. School staff members supervise student playgrounds and District police units are available to further ensure the safety of children before, during, and after school.

It is our goal to ensure North Ranchito School is a safe and conducive environment for learning.

Professional Development provided for Teachers

The El Rancho Unified School District provides professional development programs that provide a wide range of professional growth and support opportunities to serve the needs of teachers/staff at all learning stages:

- Beginning Teachers Support and Assessment (BTSA) program, as approved by the State of California, which provides experienced mentor support for all new teachers earning their California Clear Credential
- Peer Assistance Review (PAR) program for veteran teachers which provides seminars and individual coaching for teachers refreshing their skills and learning new strategies
- Certificated and Staff Training
- Site Administrator Training
- Buck Institute for Education - Project-Based Learning (PBL)
- Digital Learning Coaches

We dedicate three full days and approximately 18 half days toward professional development at our school sites per year. The topics addressed at our trainings are based on teachers' need assessment surveys, student assessment data analysis, and district and schoolwide action plans. Our intern teachers are supported by university supervisors. Professional development at individual school sites are determined by the instructional focus. English Learner and special population trainings are offered on site as needed. In addition, teachers also attend off-site workshops or conferences.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
