# **Birney Tech Academy** 2021 School Accountability Report Card

## General Information about the School Accountability Report Card (SARC)

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <a href="http://www.cde.ca.gov/fg/aa/lc/">www.cde.ca.gov/fg/aa/lc/</a>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest is an online data tool located on the CDE DataQuest web page at <u>dq.cde.ca.gov/dataquest/</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### 2021-22 School Overview

#### Principal's Message

We welcome you to Birney Tech Academy. Our school is located in Pico Rivera, a small community where many teachers and classified staff grew up and/or currently reside. We are committed to high academic standards. Our supportive learning environment allows every student to develop a positive self-concept and passion for lifelong learning. Every member of our learning community contributes to the development of each student. Our goal is to prepare students to succeed in a complex, global society by focusing on communication, technology, cultural diversity, and critical-thinking skills.

We have approximately 400 students this year, 19 teachers, and support staff and parent volunteers that help students achieve academically and socially.

Family partnerships are highly valued. Parents are encouraged to participate in their child's education in a variety of ways. Besides supporting learning at home, parents participate at school as volunteers, decision-makers, and leaders. Our uncompromising vision affirms that in working together, all students at Birney will achieve their highest potential.

#### School Mission Statement

The mission of Birney Tech Academy is to create a challenging learning environment that promotes excellence, encourages high expectations for success through a rigorous curriculum, and promotes a safe, caring and supportive school environment that will prepare students to become lifelong learners to succeed academically, intellectually, socially, emotionally, and culturally through the support of our parents, teachers, and community members.

#### School Vision Statement

Birney Tech Academy will serve as the foundation for the academic future of our students where we will use our resources, including innovations in technology, to provide the fundamentals of education for a diverse population. We will maintain a safe and disciplined environment for all students so that all students can achieve their ability.

## **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <a href="https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp">https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp</a>

2019-20				

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

#### 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

#### School Facility Conditions and Planned Improvements

Our campus was constructed in 1951. It is an attractive site that meets the needs of students and staff. We have a multipurpose room that serves as the cafeteria and auditorium. We have three playground yards: preschool/kindergarten, primary, and upper grades. We also have a very large field area that includes two baseball diamonds and a soccer field. Our library houses more than 4,500 books.

There are Chromebooks in every classroom, and all classes have Internet access. In addition, all students will have a chromebook at home as well. We also have iPad that are available for student use in the Innovation Lab. All facilities have handicap access, including the stage in our multipurpose room. In 2003, the community passed a bond measure to provide additional funds for modernization. All classrooms have been upgraded and are air-conditioned. All bathrooms, including staff, are upgraded and meet Americans with Disabilities Act (ADA) code. Students have access to an Innovation Lab that functions in several different ways. The outside of the school was painted and roofing work was done in the fall of 2021. We have two full-time custodians and a groundsman that attends our school two days a week. Custodial hours are from morning to afternoon and afternoon to late night.

Student safety is one of our top priorities. We have a closed-campus policy and all guests/visitors are required to sign-in and wear a visitor's badge while on campus. All teachers, staff, and personnel have also been trained regarding our school safety plan that, in case of an emergency, can be implemented properly.

## **B. Pupil Outcomes**

## **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## **C. Engagement**

## **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

### 2021-22 Opportunities for Parental Involvement

Birney is committed to providing students with every opportunity to reach their educational goals. To achieve these goals, it is necessary that a strong partnership is established with parents and guardians so they become an integral part of their child's learning experience.

The following are some of the opportunities for parents to become involved:

- School Site Council (SSC)
- Dads Club
- Parent-Teacher Organization (PTO)
- English Learner Advisory Committee (ELAC)
- Parent Education workshops and informative meetings such as Title I Parent Meeting
- Parent Volunteer Program
- Attendance at Back-to-School night, Parent Conferences, Award Assemblies, and Family Nights.

For more information on how to become involved at the school, please contact Principal, Sandra Gallegos at (562) 801-7600.

## **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

#### 2021-22 School Safety Plan

Our School Safety Plan is reviewed and updated each year. The School Safety Plan was last reviewed and updated and approved in February 9, 2021. The Plan is located in the principal's office. The plan includes procedures for disaster drills, distance learning, crime reporting, medication administration, child abuse reporting, schoolwide dress codes, and rules and procedures for school discipline. To ensure safety, our campus is closed. All gates surrounding our campus are closed between the hours of 7:00 a.m. to 2:45 p.m. Visitors are required to sign-in at the office, and to wear a visitors' badge if they have business at the school. Before school begins, there are teachers on duty and a breakfast supervisor in the cafeteria. During recess, there are also at least two staff on yard duty per playground. At lunch and lunch recess, noon aides supervise the cafeteria and playground.

#### **Professional Development**

The district provides professional learning opportunities to meet the needs of administrators, teachers, and support staff at all levels of the organization: Beginning Teachers Support and Assessment (BTSA); Peer Assistance Review (PAR) for veteran teachers; District and site administrators; Teachers and support staff; and Digital Learning Coaches.

Due to the COVID-19 Pandemic and Distance Learning needs, El Rancho Unified School District began the 2020-2021 school year with four days of virtual professional development. The topics addressed were based on the district's distance learning needs assessment survey. The professional development days focused on technology platforms, distance learning instructional best practices, and distance learning district expectations.

Embedded in the Distance Learning instructional schedule, Friday afternoons are used for site-based or district-based professional learning opportunities. The focus during the professional learning opportunities includes the use of technology resources and platforms, instructional best practices during distance learning, social-emotional learning and mental health practices during distance learning, data analysis, and teacher collaboration and planning.

Professional development is determined by in-depth data analysis and aligned to the instructional focus areas. English learners and special population training are offered on-site and at the district level as needed. In addition, teachers and support staff also have the opportunity to participate in virtual workshops or conferences.

Traditionally, the analysis of data led to the identification of professional learning priorities. Whole group instruction, small group differentiated instruction, and designated English language development supported strengthening language arts instruction at the elementary level. Professional learning in mathematics focused on the Standards for Mathematics Practice, in conjunction with problem-solving and modeling and data analysis at the middle school level. At the high school, professional learning was prioritized for the Expository Reading and Writing Course which develops students' academic literacy in rhetorical and analytical reading, writing, and thinking. All schools participated in professional learning opportunities centered on data literacy. Professional development has traditionally been provided during modified day schedules, pupil-free days, release days, and conferences/workshops outside the district. Professional learning is supported through in-class coaching, teacher-principal meetings, observations, and demonstration lessons.

This table displays the number of school days dedicated to staff development and continuous improvement.

# El Rancho Unified School District 2020-21 Local Accountability Report Card (LARC) Addendum

## Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
