2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

"Magee Brings Out the Best in Me!"

Mission Statement:

Magee Academy of Arts and Sciences is preparing all of our students for their future to be productive members of our society by developing every individual's desire to learn and achieve.

Vision Statement:

Magee Academy of Arts and Sciences is a place where all students are encouraged to strive for excellence academically, socially, and emotionally in a safe and supportive atmosphere. Our goal is to work in a partnership with our parents and community to create an environment where students are empowered to discover their strengths and to achieve their maximum potential. We set high expectations for all students and our entire school community shares the belief that all children can and will learn. Magee Academy of Arts and Sciences provides students opportunities for enrichment, intervention, and remediation as necessary.

Magee Academy of Arts and Sciences utilizes research-based teaching and learning practices in reading, mathematics, science, technology and the arts. Students make interdisciplinary connections and work collaboratively as they develop and refine new skills. Instruction in core academic areas, as well as enriching learning opportunities in the arts and science, allow for extended learning. Magee Academy of Arts and Sciences provides students with challenging learning activities that develop their ability to demonstrate creativity, communicate effectively, collaborate with others, engage in critical thinking and assume leadership roles. Social justice and community development are integral themes throughout the grade levels, as we nurture and guide our students to be thoughtful and caring citizens.

We are committed to the following goals:

- * To teach all students not only how to read, but also to enjoy reading.
- * To make sure that all students gain an understanding of mathematical concepts and the role that math plays in all areas of life.
- * To appreciate history and the unique role it plays in informing today's decisions.
- * To develop an interest in and an understanding of science.
- * To write fluently for a variety of purposes.

2021-22 School Overview

- * To use technology as a tool to enhance all areas of the curriculum.
- * To develop learners whose curiosity about the world around them leads them to a fulfilling life.

We are guided in our strive to students' academic excellence because:

- * We believe collaboration and continuous dialogue promotes high achievement and academic success for all.
- * We believe that each child has a unique pathway to learning. We begin where they are and facilitate their academic progress toward reaching their fullest potential.
- * We believe open communication between staff, students and parents fosters connections critical to the success of all students.
- * We believe modeling, teaching, and applying P.A.W.S (Promoting a Positive Environment, Acting Responsibly, Willing to Learn and Showing Respect) our school wide Positive Behavior Intervention Systems (PBIS).
- * We believe a positive school culture and climate embraces the joy of learning.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

School Facility Conditions and Planned Improvements

Magee Academy was built in 1952. We are fortunate to have a large, beautiful campus with an abundance of outdoor space. There are several small gardens located throughout the school that have been planted and are maintained by members of our faculty as well as students. In addition, there are many large, attractive trees that provide ample shade for students during outdoor activities. The grounds provide an inviting environment in which children can learn and explore.

The Magee campus includes a wonderful library and a computer lab. The library includes a circulation of several hundred books. The library is staffed by a Library Media Technician.

An Innovation Lab provides students a workspace that is designed to optimize innovation, exploration, and creativity through STEM lessons and activities. This unique environment encourages students to express their creativity and share information, build new knowledge, and develop comprehensive solutions. The furniture in the Innovation Lab has wheels to create a fluid workspace that adapts to the needs of our students and the activities and lessons they are participating in.

Magee has two custodians who share the responsibility of keeping our campus clean and safe for student learning. Together, they help to maintain the campus from morning to late night, Monday through Friday. Through careful scheduling and ongoing communication with the Principal, our custodians and staff help to keep the campus clean and safe for students.

To ensure student safety, Magee balances its fiscal and personnel resources. Classified staff members are on duty to supervise students at 7:00 a.m. each morning. Students are allowed to enter the cafeteria at 7:00 a.m. where they are supervised by a noon duty supervisor. Certificated staff members are on duty to supervise students on the playground at 8:00 a.m. each morning.

As students enter the campus, they are expected to line up on the school grounds in a designated area based on their classroom assignment. Two certificated teachers along with noon duty supervisors monitor students until they are picked up by their teacher to begin the instructional day.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Magee Academy of Arts and Sciences is committed to having parents involved in the educational experience of our students. Parents are strongly encouraged to become active members of our academic community. Magee Academy of Arts and Sciences offers a variety of opportunities for our parents to become involved. For example, through nightly homework assignments and reading logs, parents are given an opportunity to monitor and assist with student learning. In addition, parents are invited to meet with teachers at Back-to-School Night, Parent-Teacher Conferences, Open House, and other scheduled school events. Parent workshops are held throughout the year to encourage parents to become involved with the learning process.

As part of our commitment to ongoing home-school communication, teachers maintain continuous contact with parents via telephone, e-mail, and written electronic correspondence. The principal also provides our parent community with information by posting in class dojo and parent square any important information and ideas for parents to stay informed in all activities that take place at Magee. In addition, Magee's website, me.erusd.org is continuously updated in order to keep our parent community informed as to the events that are happening at Magee Academy. The Magee Academy of Arts and Sciences broadcast allows parents and community members to hear daily news updates on campus events, student activities and any student interest news. Our teachers and principal use Class Dojo and parent square to communicate with parents and guardians.

Parents are always encouraged to volunteer in either individual classrooms or for any of our school-wide activities. Magee Academy of Arts and Sciences is afforded the opportunity to host a variety of educational and social events throughout the school year for students and families largely because of the significant amount of time that our parents volunteer.

Finally, Magee Academy of Arts and Sciences promotes the participation of parents in a variety of decision-making committees. Our School Site Council (SSC) strives to include parent representatives in critical decisions regarding school vision, policies, and operations. Each of these parent groups meets regularly with the principal and their efforts are central to the effective operation of Magee Academy of Arts and Sciences' instructional programs. We also have a Parent Organization where parents are welcomed to help organize and support activities that promote school spirit and increase student engagement at school.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

| Subject | School 2018-19 | School 2020-21 | District 2018-19 | District 2020-21 | State 2018-19 | State 2020-21 |

| Expulsions | 0.00 | 0.00 | 0.09 | 0.00 | 0.08 | 0.00 |

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Magee Academy of Arts and Sciences' Safety Plan is revised at the beginning of each school year. The major focus of the plan is to ensure all children are safe while they are at school in the case of any emergency situation. The School Safety plan outlines the appropriate responses necessary to respond to a variety of unusual or emergency situations including: earthquake, fire, lock downs or unauthorized persons to name a few situations. Magee Academy of Arts and Sciences conducts regular earthquake, fire, and lockdown drills to prepare all students and staff for emergencies. To evaluate its effectiveness, a self-reflection and staff review accompanies each drill. The school maintains emergency supplies in a designated emergency bin.

Given the current COVID-19 pandemic and returning back to in person instruction, our school safety plan includes COVID-19 safety procedures and safety guidelines that include social distancing and appropriate face masking. All safety procedures and guidelines are in accordance with the Los Angeles County Department of Public Health COVID-19 guidelines and recommendations.

The SERT flowchart defines the roles as well as locations and regulations the staff will follow to ensure the safety of all students, staff, and parents at Magee Academy of Arts and Sciences. These individuals play key roles in how each disaster drill is handled. The plan also includes shut-off locations for gas, electricity, and water. Provided by the district and housed on our campus, a large metal bin houses all emergency supplies. In the end, the plan will provide all the terms and routines with which the staff will efficiently conduct the necessary procedures to be able to safely reunite each student with his/her parents/guardians. During monthly emergency drills, the staff reviews the entire plan to ensure the system works.

To ensure safety, our campus is closed. All gates surrounding our campus are closed between the hours of 7:00 a.m. to 2:45 p.m. Visitors are required to sign-in at the office, and to wear a visitors' badge if they have business at the school. Before school begins, there are teachers on duty and a breakfast supervisor in the cafeteria. During recess, there are staff members on yard duty per playground. At lunch and lunch recess, noon aides supervise the cafeteria and playground.

Professional Development

The district provides professional learning opportunities to meet the needs of administrators, teachers, and support staff at all levels of the organization: Beginning Teachers Support and Assessment (BTSA); Peer Assistance Review (PAR) for veteran teachers; District and site administrators; Teachers and support staff; and Digital Learning Coaches.

Embedded in the instructional schedule, Wednesday afternoons are used for site-based or district-based professional learning opportunities. The focus during the professional learning opportunities includes the use of technology resources and platforms, instructional best practices, social-emotional learning and mental health practices as we return to in person instruction, data analysis, and teacher collaboration and planning.

Professional development is determined by in-depth data analysis and aligned to the instructional focus areas. English learners and special population training are offered on-site and at the district level as needed. In addition, teachers and support staff also have the opportunity to participate in virtual workshops or conferences.

Traditionally, the analysis of data led to the identification of professional learning priorities. Whole group instruction, small group differentiated instruction, and designated English language development supported strengthening language arts instruction at the elementary level. Professional learning in mathematics focused on the Standards for Mathematics Practice, in conjunction with problem-solving and modeling and data analysis at the middle school level. All schools participated in professional learning opportunities centered on data literacy. Professional development has traditionally been provided during modified day schedules, pupil-free days, release days, and conferences/workshops outside the district. Professional learning is supported through in-class coaching, teacher-principal meetings, observations, and demonstration lessons.

This table displays the number of school days dedicated to staff development and continuous improvement.

| Subject | 2019-20 | 2020-21 | 2021-22 |
|---|---------|---------|---------|
| Number of school days dedicated to Staff Development and Continuous Improvement | 12 | 12 | 12 |

El Rancho Unified School District 2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
