Internet Access

By February 1 of each year，every school in California is required by state law to publish a School Accountability Report Card（SARC）．The SARC contains information about the condition and performance of each California public school． Under the Local Control Funding Formula（LCFF）all local educational agencies （LEAs）are required to prepare a Local Control and Accountability Plan（LCAP）， which describes how they intend to meet annual school－specific goals for all pupils， with specific activities to address state and local priorities．Additionally，data reported in an LCAP is to be consistent with data reported in the SARC．

For more information about SARC requirements and access to prior year reports， see the California Department of Education（CDE）SARC web page at https：／／www．cde．ca．gov／ta／ac／sa／

For more information about the LCFF or the LCAP，see the CDE LCFF web page at https：／／www．cde．ca．gov／fg／aa／lc／

For additional information about the school，parents／guardians and community members should contact the school principal or the district office．

DataQuest is an online data tool located on the CDE DataQuest web page at https：／／dq．cde．ca．gov／dataquest／that contains additional information about this school and comparisons of the school to the district and the county．Specifically， DataQuest is a dynamic system that provides reports for accountability（e．g．，test data，enrollment，high school graduates，dropouts，course enrollments，staffing， and data regarding English learners）．

The California School Dashboard（Dashboard） https：／／www．caschooldashboard．org／reflects California＇s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California＇s diverse student population．The Dashboard contains reports that display the performance of LEAs，schools，and student groups on a set of state and local measures to assist in identifying strengths，challenges，and areas in need of improvement．
Internet access is available at public libraries and other locations that are publicly accessible（e．g．，the California State Library）．Access to the Internet at libraries and public locations is generally provided on a first－come，first－served basis．Other use restrictions may include the hours of operation，the length of time that a workstation may be used（depending on availability），the types of software programs available on a workstation，and the ability to print documents．

## 2022-23 School Overview

Principal's Message
Our goal is to introduce students to areas of Visual and Performing Arts with the intent to further develop skills in creativity, communication, collaboration, and critical thinking. We want to increase student engagement and help foster the dreams and talents of our students. Our students have a variety of elective offerings, with an emphasis on VAPA: Beginning and Advanced Art, Beginning Band, Honor Band, Mariachi, Music, Beginning Dance, Folklorico, Advanced Dance, Graphic Design, MultiMedia, Drama, Film and Media Studies, Spanish 1a and 1b, and Beginning and Advanced Coding. We also offer our students Project Lead the Way STEM classes by offering both a 7th and 8th-grade class. Our AVID elective expanded into sixth grade this year, realizing our goal of offering AVID at all grade levels.

As a school looking at the whole child, we have implemented Second Step Social-Emotional Learning Program and Positive Behavior Interventions and Supports (PBIS). Our full time Mental Health Counselor and two full time School Counselors provide additional supports both within and beyond academics. Our staff has embraced the strategies of Universal Design for Learning (UDL) with a focus on increasing student engagement, removing barriers to learning, and allow opportunities for student voice and choice.

School Mission Statement
Students will be challenged to become college and career ready and life-long learners. The El Rancho Unified School District will actively partner with the community as its leading educational institution that provides a technology rich and innovative learning environment for all students.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The El Rancho Unified School District follows the State adoption guidelines and adoption cycles for textbooks in reading, math, social studies, science, and English language development (ELD) used in the elementary schools. Recommendation for adoption of textbooks is made through a District committee of teachers, administrators, and parents. Input from all school staff members and parents are vital to making the recommendation. The District Committee discusses the school's recommendations and votes for a textbook to be adopted. The recommendation is then taken to the school board, who makes the final decision on the adoption of all textbooks.

Textbooks are adopted from the most recent state-approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student is assigned one textbook and workbook in the core subjects for use in class and to take home.

## School Facility Conditions and Planned Improvements

North Park Academy of the Arts was built in 1956. North Park Academy of the Arts facilities is clean, safe, and well-maintained. The site consists of 39 classrooms, a cafeteria, adequate restroom facilities for staff and students, a library and computer center, a small conference room, and two locker rooms for physical education classes.

Our staff strives to provide a safe, clean, and well-maintained environment. The custodial staff consists of one full-time day custodian and two full-time night custodians, who perform basic duties of maintaining the cleanliness of the school campus. The grounds and maintenance crews from the district perform routine maintenance on a regularly scheduled basis. Our school completed several modernization projects within recent school years. The projects included the modernization of all restroom facilities, the insertion of a wheelchair lift in the cafeteria, and the installation of new Air Conditioning and Heating systems in the 600 building as well as in the Library building and the administrative office building. We have a new Band Building and a state of the art Science lab. Our PE locker rooms reopened in August, 2022 after undergoing renovation for improved student access and utilization.

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

## Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

## 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

## Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

Parents have a very important place in our school community. The School Site Council (SSC) meets monthly to advise and make decisions that affect our school's programs. The SSC has meetings that any parent can attend. Our Advancement Via Individual Determination (AVID) program invites families to Parent Nights throughout the year to learn about the AVID program. This includes an annual college planning event to inform parents of their opportunities and support them in preparing their son/daughter to be college ready. We have an active Band Booster Club that dedicates itself to the North Park Band students. Parent Nights are offered monthly by the counseling, technology, and administration teams. These alternate between in-person and virtual formats. A SPSA goal includes offering opportunities for parents and students to engage with the campus community at least once per month.

North Park is proud to invite parents onto our campus for events throughout the year including band performances, dance performances, art galleries and project based learning showcases.

For more information on how to become involved at the school, please contact Dr. Keri Kimes, Principal, at (562) 801-7570

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

|  | Subject | School | District |
| :--- | :---: | :---: | :---: |
| 2019-20 | 2019-20 | 2019-20 |  |
| Suspensions | 2.77 | 2.16 | 2.45 |
| Expulsions | 0.00 | 0.08 | 0.05 |

This table displays suspensions and expulsions data collected between July through June, each full school year respectively.
Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

North Park provides a safe, attractive campus that meets the needs of students and staff. Earthquake, fire, and lockdown drills are conducted regularly to prepare all students and staff. Each drill is reviewed by staff to assure effective preparedness in case of an emergency. Students are invited to complete post-drill surveys to ensure their voices are heard as we continually reflect on and refine our safety plans. The school maintains emergency supplies for all students and staff in case of a crisis. Key elements of the plan include regular safety drills, crisis intervention plans, courses of action by the different readiness teams, emergency contact information, and evacuation routes and procedures. The School Safety Plan was last reviewed, updated, and discussed with school faculty in October, 2022.

North Park utilizes PBIS to develop interventions designed to increase school connectedness and reduce incidents which may create safety concerns.

North Park is a secured campus. All visitors must enter and exit via the front school office. School staff members supervise the campus before school, during lunch, and after school. In addition, District police units are available to further assure the safety of our students. All visitors to campus must show picture ID and register through the Raptor system.

It is our goal to ensure North Park is a safe and conducive environment for learning.

## 2019-20 Secondary Average Class Size and Class Size Distribution

## Professional Development

The district provides professional learning opportunities to meet the needs of administrators, teachers, and support staff at all levels of the organization. Teachers have opportunities through Beginning Teachers Support and Assessment (BTSA), Peer Assistance Review (PAR) for veteran teachers, site, district, and county led PD, and conferences. Classified staff have opportunities through site, district, and county led PD, and conferences. Site administrators have opportunities through District and LACOE provided PD as well as conferences.

El Rancho Unified School District began the 2022-2023 school year with a full-day of professional development and has two additional PD days within the school year. The professional development days focused on technology platforms, mental health, and instructional strategies.

Embedded in the bell schedule, Wednesday afternoons are used for site-based or district-based professional learning opportunities. The focus during the professional learning opportunities includes the use of technology resources and platforms, instructional best practices, social-emotional learning and mental health practices, data analysis, and teacher collaboration and planning.

Professional development is determined by in-depth data analysis and aligned to the instructional focus areas. English learners and special population training are offered on-site and at the district level as needed. In addition, teachers and support staff also have the opportunity to participate in virtual and in-person workshops or conferences.

Through PD and collaboration, the analysis of data leads to the identification of professional learning priorities. This includes whole group instruction, small group differentiated instruction, and designated English language development for strengthening language arts instruction. Professional learning in mathematics focused on the Standards for Mathematics Practice, in conjunction with problem-solving and modeling and data analysis. All schools participated in professional learning opportunities centered on data literacy. Professional development is provided during modified day schedules, pupil-free days, release days, and conferences/workshops outside the district. Professional learning is supported through in-class coaching, teacher-principal meetings, observations, and demonstration lessons.

ELA, math, and science teachers meet monthly in district wide cohorts for data analysis, collaboration, and alignment. TOSAs in these content areas are available to provide departmental, individual, and push-in support in addition to the monthly cohorts

This table displays the number of school days dedicated to staff development and continuous improvement.
